HOW H.B.C. ACQUIRED THESE FARM LANDS

IN SEPTEMBER 1668 Groseilliers on the Hudson's Bay Company's sailing ship the "Nonsuch" reached what is now that part of Canada situated on the shores of James Bay, and began the Company's business of fur trading.

The success of Groseillier's voyage led the Company to apply to King Charles II for a Royal Charter which was granted by His Majesty on 2nd May, 1670. This Royal Charter—granted to the Company which was putting out capital in discovery, in expansion of the empire and in the adventurous and risky business of importing merchandise into an unknown, trackless wilderness—gave it the sole rights of trade and commerce in all the great territory drained by the waters that empty into Hudson Bay.

The "Nonsuch"
in Hudson Straits

For two hundred years afterwards the Company carried on its trading operations, with the Indians and Eskimos. Its men explored the interior, constructed trading posts and pushed forward through the wilderness to the north, south and west of Hudson Bay. Eventually, the Company came into active control of all the immense stretch of country from the Great Lakes to the Pacific Ocean and from south of the present United States boundary line to Alaska.

It governed these millions of square miles of territory, fed, clothed and supported the natives and held the future Western Canada in trust for the British Empire.

THE DEED OF SURRENDER

IN 1870 when the newly developed provinces of Canada were confederated into a new, virile nation under the British flag, the Company decided to surrender part of the millions of acres of land it had for so long controlled retaining one-twentieth of the land in the "Fertile Belt"—between Lake of the Woods, Lake Winnipeg and the Rocky Mountains (900 miles) and between the north branch of the Saskatchewan River and U.S. Boundary (350 miles). This land, with a cash payment, was retained as a part recompense for more than two centuries of exploration, pioneering and trading which the Company had done and without which Canada, as she is today, would not exist.

When the time came for the Government to set out the particular parcels of land which the Company was to retain from its former great holdings, it was decided that the Company should select the whole of section 8 and the S $\frac{1}{2}$ and N.W. $\frac{1}{4}$ of Section 26 in each four townships (of 36 sections) throughout the "Fertile Belt" and the whole of both section 8 and 26 in each fifth township.

These are the lands which the Company has been gradually selling to farm settlers for many years, the remainder of which—some 3,000,000 acres in all—it now offers to those who wish to settle and improve the land and make their homes there.

LOCATION AND EXTENT OF LANDS

HUDSON'S BAY COMPANY'S farm lands are distributed in separate tracts of approximately 160 acres to 640 acres each in Manitoba, Saskatchewan and Alberta.

Generally speaking, the Company owns Section 8 and S $\frac{1}{2}$ and N.W. $\frac{1}{4}$ of Section 26 in every Township and the N.E. $\frac{1}{4}$ of Section 26 in every Township divisible by 5. In addition to Sections 8 and 26, the Company owns quite a number of extra sections scattered throughout the West.

located in a Canadian township
of 36 Sections

KINDS OF H.B.C. LANDS

THE character of the land varies with the locality. The purchaser is offered a choice of level open prairie, rolling open prairie, park land, and bush land. Some parcels are best suited for grain-growing, some for mixed-farming and others for stock-raising. The Hudson's Bay Company, having land in practically every district, can offer home seekers the widest choice with respect to topography, soil and proximity to market.

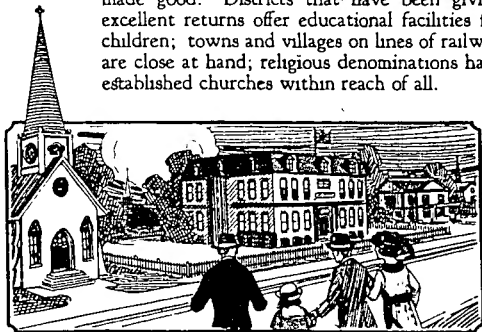

WE ASSIST YOU IN SELECTING SUITABLE LAND

THE Hudson's Bay Company will assist homeseekers to obtain reduced rates on railways, from ports of entry in Canada, to the district they propose to investigate.

Local Sales Solicitors have been appointed by the Company in practically every important town and village in Western Canada. To these men the homeseeker may go for information regarding the district and the Company's lands therein. Most of these Sales Solicitors are prepared to show homeseekers over the Company's lands free of charge.

SCHOOLS, NEIGHBOURS CHURCHES

THE wide distribution of the Company's lands assures homeseekers who deal with the Company of obtaining land in proven districts, adjacent to settlers who have already made good. Districts that have been giving excellent returns offer educational facilities for children; towns and villages on lines of railway are close at hand; religious denominations have established churches within reach of all.

PRICES OF H.B.C. FARM LANDS

AT present the Company's farm lands vary in price from \$5.00 to \$25.00 per acre—rarely more—the difference in price being

largely determined by the quality of the land, its availability for immediate cultivation and to some extent also by the proximity to market. Generally speaking, lands best suited for grazing or stock raising are priced by the Company at \$5.00 to \$15.00 per acre, lands best suited for mixed farming at \$10.00 to \$20.00 per acre, and lands best suited for grain growing at \$18.00 to \$25.00 per acre. Minerals are reserved to the Company in all sales.

*H.B.C. Sales Solicitors
will help you*

TERMS: SEVEN YEARS TO PAY

THE Hudson's Bay Company's regular terms of sale are: $\frac{1}{8}$ cash and balance in seven equal annual instalments with interest at 7 per cent per annum (minerals reserved). Under certain conditions easier terms of payment will be considered when bona fide development is contemplated.

Special Note: If a purchaser so desires, he may, after having paid the second instalment,

Hudson's Bay Company.

INCORPORATED 27TH MAY 1870

postpone payment of further principal for a period of six years, provided interest and taxes are paid promptly each year and provided the land is materially improved year by year. This privilege does not apply to purchasers who do not develop or settle upon the land

At any time during the period covered by the contract, the purchaser may pay principal in advance of due dates without notice or bonus, and interest will cease at once on any principal paid

THE TITLE TO H.B.C. FARM LANDS

THE Hudson's Bay Company's title to the lands it offers for sale or lease is derived directly from the Crown, by virtue of

"The Deed of Surrender" (1869) It is a Guaranteed or Indefeasible Title, having as guarantors the Governments of the Provinces in which the lands are situated and, back of all, the Government of the Dominion of Canada. No safer or better title is obtainable in Canada.

*The Title to H.B.C.
lands is Safe.*

MINERALS IN H.B.C.

FARM LANDS

HUDSON'S BAY COMPANY'S farm lands are sold reserving to the Company all Mineral deposits. These include deposits of Coal, Natural Gas, Petroleum, Gravel, Stone and others of value.

The Company will welcome and give prompt attention to all enquiries concerning leases of mineral rights under its jurisdiction, except Natural Gas and Petroleum.

The usual terms are an annual rental of \$1 00 per acre mineral rights and a royalty on the amount of mineral taken from the ground. Terms vary with the mineral mined and will be furnished on request together with any available information. Provision is made in the Hudson's Bay Company's mining regulations to cover any necessary prospecting operations.

HAY AND GRAZING LANDS (FOR LEASE)

VACANT Hudson's Bay Company lands are available for Hay and Grazing purposes for terms of three years subject to six month's notice of cancellation in the event of the land being sold. A lessee has not the first privilege to purchase the land he is occupying.

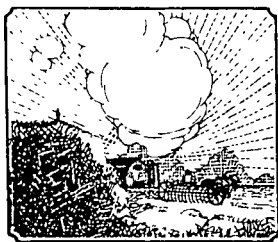

Hudson's Bay Company.

INCORPORATED 2ND MAY 1870

He has, however, first right to renew the lease provided he applies prior to the date on which the lease expires.

The Hudson's Bay Company pays all taxes on leased lands, the Lessee being subject to no charges other than the annual rental. Lessees have the right to erect suitable fences and to remove them at the expiration of the term. Permission is also given for the building of corrals, shelters for cattle, and the sinking of a well if such be desired. Under this class of lease no cultivation of the land is permitted. Full terms can be obtained upon application. Rentals range from a minimum of 6 cents per acre per annum upwards according to location and desirability of lands.

In certain districts best adapted for ranching,

It is good business to rent
H.B.C. hay land.

where Company lands are adjacent to Government holdings, lease charges vary from 5 to 6 cents per acre, per annum, exclusive of all taxes. Parties requiring large area leases for ranching purposes can acquire any available Company land for the purpose of consolidating their holdings.

All rentals are payable in advance. Send for maps and full particulars.

TIMBER PERMITS

Good timber, suitable for building purposes and firewood, can be obtained by settlers and others from Hudson's Bay Company lands in Manitoba, Saskatchewan and Alberta, permits being issued for this purpose in accordance with the following schedule:

Timber for building and firewood is plentiful on many H.B.C. tracts.

TIMBER DUES AND REGULATIONS

CORDWOOD, PULPWOOD, FENCE POSTS AND RAILS

Cordwood of oak for fuel only including tree tops	\$1.00 per cord
Cordwood of poplar for fuel only (green) including tree tops	50c per cord
Cordwood of other kinds of timber for fuel only (green) including tree tops	75c per cord
Cordwood of fire-killed or dry timber for fuel only including tree tops	25c per cord
Cordwood of dry tamarac and jack pine including tree tops	35c per cord
Pulpwood of all kinds of timber including tree tops	\$1.00 per cord (minimum)
Fence rails of poplar not exceeding 5 inches at butt end	2c each
Fence rails of other kinds of timber not exceeding 5 inches at butt end	3c each
Fence posts (round) not exceeding 7 feet long and 6 inches at top end	2c each
Fence posts (split) not exceeding 7 feet long and not more than 6 inch face	2c each
Fence posts of poplar or willow not exceeding 7 feet long	1c each

Hudson's Bay Company.

INCORPORATED 2nd MAY 1870

BUILDING LOGS, PILES, RAILWAY TIES, ETC.

Roof poles not exceeding 7 inches at butt end	3c each
Building logs of poplar	1c per lineal ft.
Piling timber other than poplar 9 inches and over at butt end	3c per lineal ft.
Piling less than 9 inches at butt end	1½c per lineal ft.
Building logs and cribbing of timber other than poplar 9 inches and over at butt end	2c per lineal ft.
Building logs and cribbing less than 9 inches at butt end	1c per lineal ft.
Shingles	50c per thousand
Lath (No. 1)	50c per thousand
Lath (Nos. 2 and 3)	25c per thousand
Lath bolts including tree tops	\$1.00 per cord
Railway ties (Nos. 1 and 2) 8 feet long when hewn	10c each
Railway ties (No. 3 and cull) 8 feet long when hewn	6c each
Railway ties (Nos. 1 and 2) 8 feet long when sawn	9c each
Railway ties (Nos. 3 and cull) 8 feet long when sawn	5c each
Railway ties (1, 2, 3 and cull) each lineal foot over 8 feet long	1½c per lineal ft.
Railway ties of poplar 8 feet long	3c each
Railway ties of poplar each lineal foot over 8 feet long	½c per lineal ft.
Sawlogs of poplar	\$1.50 per M. feet B.M.
Sawlogs of pine, spruce, tamarac and other timber not enumerated	3 00 per M. feet B.M.
Slabs for fuel and edgings (on sales).	40c per cord
Slabs and edgings being residue from mills manufacturing lath	20c per cord

TELEGRAPH AND TELEPHONE POLES, ETC.

Poles not exceeding 25 feet long and not more than 6 inches at top end	¾c per lineal ft.
Poles not exceeding 25 feet long, over 6 inches at top and not exceeding 8 inches	1c per lineal ft.
Poles over 25 feet long and not more than 30 feet, and not exceeding 8 inches at top end	1c per lineal ft.
Poles over 30 feet long and not more than 35 feet, and not exceeding 8 inches at top end	1½c per lineal ft.

Hudson's Bay Company.

INCORPORATED 2ND MAY 1870

Poles over 35 feet long and not more than 40 feet,
and not exceeding 8 inches at top end

.2c per lineal ft.

Poles over 40 feet long and not more than 45 feet,
and not exceeding 8 inches at top end

2½c per lineal ft.

Poles over 45 feet long and not more than 50 feet,
and not exceeding 8 inches at top end

2¾c per lineal ft.

Poles over 50 feet long and not exceeding 8 inches
at top end

3c per lineal ft.

Poles of all lengths over 8 inches at top end

3c per lineal ft.

All other products of the forest not enumerated,
15% on selling price at point of shipment.

Notice—Timber of any nature whatsoever cut
without authority under official permit from the
Company's Land Department, Winnipeg, or cut in
excess of the amount authorized under any permit
issued by the Company, must be paid for at treble
the rate specified above and unless treble dues
sufficient to cover the amount cut in excess or by
trespass is promptly paid, the timber will be placed
under seizure by the Company

In dealing with Permit applications for cord-
wood, timber, etc., in commercial quantities where
the permittee desires sole right to operate on
a quarter-section or greater area, the Company
makes a charge for ground rent at the rate of \$25
per quarter-section per annum in addition to regular
fees, which is payable in advance. The fee for
ground rent should accompany the application.

ALL DUES PAYABLE IN ADVANCE.

All the Company's timber permits are issued
subject to supervision by its Travelling Repre-
sentatives and Timber Inspectors, and Permittees
may be required at any time to furnish any of the
Company's officials with full particulars of their
operations when properly called upon to do so by
an authorized representative of the Land Depart-
ment.

All permits are issued subject to cancellation in
the event of the land being sold.

THIS TARIFF AND REGULATIONS SUBJECT
TO CHANGE WITHOUT NOTICE.

HAY PERMITS

Settlers or others may obtain seasonal hay per-
mits giving the right to cut hay on any of the
Company's vacant lands on payment of reason-

able dues. Permits are issued for both domestic and commercial requirements. The dues charged vary according to the quantity of hay which can be cut and the location of the land required. Permittees are given exclusive right to all hay cut for one season. All dues are payable in advance.

TAXATION

THE taxation on farming lands in Western Canada varies according to location and character of improvements and facilities established in the various districts. Generally speaking, the present system and burden of taxation compares very favourably with taxation in other agricultural sections of the American Continent.

As lands are settled upon and improved certain exemptions are obtainable.

The Company is in a position to advise intending purchasers precisely the amount of taxes levied against any particular parcel, or parcels, in which they may be interested. At present annual taxes levied upon agricultural lands vary from a minimum of 10 cents per acre to a maximum of 50 cents per acre.

BUSINESS AND RESIDENTIAL SITES

THE Hudson's Bay Company has much attractive townsite property for sale in Cities, Towns and Villages throughout Western Canada. Prices are reasonable; terms are: one-third cash, balance payable in two equal annual instalments with interest at 7 per cent per annum.

Particulars are given herewith.

Hudson's Bay Company.

INCORPORATED 7TH MAY 1870

EDMONTON, ALBERTA

First class retail and wholesale sites—industrial sites with trackage—choice residential sites.

Space to rent in retail and wholesale buildings — residences heated with natural gas for sale and lease — property developed for responsible tenants on long term leases — Edmonton is the Capital City of Alberta—the centre of a rich farming and dairying

Attractive locations are available for homes on H.B.C. town lots in thriving western cities.

district—extensive oil and coal fields in the immediate vicinity—the point which draws much of the wealth of the immense Northland in furs and fish—recently developed gas fields provide cheap and abundant natural gas for heat and power. The H.B.C Land Agency is at 10247 Jasper Ave., Edmonton.

CALGARY, ALBERTA

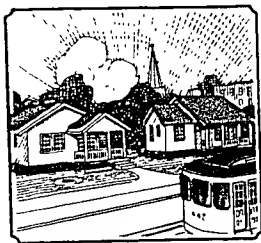

For information regarding Hudson's Bay Company business and residential sites in Calgary and farm lands in Southern Alberta, interview C. S. Lott & Co., Dominion Bank Building, Calgary.

Hudson's Bay Company.

INCORPORATED 2ND MAY 1870

VICTORIA, B.C.

*The future of Western
Canadian towns is promis-
ing to the home owner*

Choice residential and business locations—wharf property—small and large acreage plots in the suburbs suited for orchards, dairying, market gardens, bee keeping, residential purposes, estates, etc. Located close to car lines, on excellent highways, beautiful golf links in vicinity

Victoria is a port of call to and from the Orient—the queen of residential cities in Canada—the climate is ideal. The H B C Land Agency is in the Pemberton Bldg., Victoria, B.C.

PRINCE ALBERT AND NORTH BATTLEFORD, SASK.

Choice residential property and acreage, close in, well suited for market gardening. Both these cities control the trade of large areas to the north that are rapidly opening up to settlement.

WINNIPEG, MANITOBA

Particularly attractive locations for apartment blocks and apartment hotels—business and residential sites—Winnipeg has the cheapest electric power on North American Continent—this is the Company's headquarters for Canada and full details may be secured by correspondence or personal interview with the Land Commissioner.

Hudson's Bay Company.

KENORA, ONTARIO

Well located business and residential sites —
At Kenora is one of the largest pulp and paper
developments in the world — saw mills—flour
mills — Kenora is a popular summer resort.

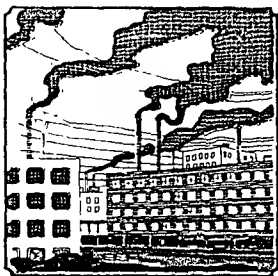

NIPIGON, ONTARIO

Residential and business property and small
acreage plots. A pulp mill has recently been
established. Famous for hunting and trout fish-
ing A sportsman's paradise.

FORT WILLIAM, ONTARIO

Residential pro-
perty and business
sites. Industrial sites
with trackage and in-
dustrial sites with un-
excelled frontage on
the harbour adapted
for pulp mills, saw
mills, grain elevators,
shipping, etc., Fort
William is the Cana-
dian terminus for
transportation on the
Great Lakes with the
greatest grain elevator
capacity in Canada.

Hydro-electric power available in unlimited
quantities.

Valuable sites for industrial
plants are among H.B.C.
offerings.

Hudson's Bay Company.

INCORPORATED 2ND MAY 1870

LAC LA BICHE, ALBERTA

Business and residential property. This is the divisional point between Edmonton and Fort McMurray and the centre of a large fishing industry.

FORT ST. JAMES, B.C.

Large residential lots on Stuart Lake 40 miles north of Vanderhoof—the gateway to hundreds of miles of waterways in Central British Columbia—good motor road to Vanderhoof.

MISCELLANEOUS

Residential property is available at the following points not previously mentioned:

ONTARIO—Mattawa, Rossport, Sault Ste. Marie, Fort Frances.

MANITOBA—Dropmore, Emerson, Portage la Prairie, Millwood, Newdale.

SASKATCHEWAN—Luseland, Chamberlain, Otthon.

ALBERTA—Ponoka, Peace River.

BRITISH COLUMBIA—Prince George.

Hudson's Bay Company.

INCORPORATED 2ND MAY 1870

WE BUY
RAW FURS

TRADING in furs, to which the origin of the Hudson's Bay Company can be primarily attributed, continues to be an outstanding factor in the Company's business, maintaining its importance over other industries throughout the Dominion.

Progress and expansion are conclusive proofs of the Hudson's Bay Company's faith and confidence in the stability of the Raw Fur business.

Pre-eminent to-day, as always, in the Fur Industry, the Hudson's Bay Company's policy and method in purchasing and soliciting shipments are the outcome of 256 years practical experience—a period of successful business enterprise enjoyed by no other individual company or organization in the world, and a guarantee in itself of fair trading.

We solicit the business of the farmer with one or more pelts to sell, also of the trapper with any quantity. Good prices guaranteed.

FARMING IN CANADA

The Company's Land Department is also associated with the organization known as the Hudson's Bay Company Overseas Settlement, Limited.

FARM HELPERS FROM OVERSEAS

are wanted by many farmers who are now satisfactorily established in Canada.

FAMILIES IN THE UNITED KINGDOM AND ON THE CONTINENT

who desire to engage in farming can be greatly assisted by relatives and friends now resident on Canadian farms.

This Company co-operates in bringing the desired type of farm worker from Overseas to the Canadian farmer, and with those wishing to bring out relatives and friends. All travelling arrangements between Europe and Canada, complete and up-to-date, are looked after by the Company. Canadian farmers and intending settlers are invited to make enquiries about these services, and for special information in connection with farm workers and the acquiring of suitable farm lands.

The form [see page 22] may be detached and mailed to either of the offices of Hudson's Bay Company Overseas Settlement, Limited, at
